BOOK SYNOPSIS

A proud Arab family in Palestine struggles to hold on to its identity during the birth of the State of Israel. In the early 1920s, young Ibrahim al Soukori has achieved his dreams of heading his small Palestinian town, becoming a proud father, and making the pilgrimage to Mecca. But his family's journey has just begun, and soon global war and Israel's formation force them on a path to possible dissolution. Ibrahim's sons and daughters squabble and find peace with the nearby kibbutz, suffer betrayals, and hold together even when displaced to distant refugee camps. Written by an author best known for his sympathetic portrayal of Israel's difficult birth, *The Haj* speaks to the history of a troubled region from the perspective of a remarkable Arab dynasty. This ebook features an illustrated biography of Leon Uris including rare photos from the author's estate.

THE HAJ - Are you looking for Ebook *The Haj*? You will be glad to know that right now *The Haj* is available on our online library. With our online resources, you can find *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. *The Haj* may not make exciting reading, but *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with *The Haj* and many other ebooks.

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with *The Haj*. To get started finding *The Haj*, you are right to find our website which has a comprehensive collection of manuals listed.
